HOTEL SOLAMAR

san diego

San Diego's hip, boutique Hotel Solamar is for the traveler that expects the comforts of home, requires the conveniences of the office, appreciates artistic décor, desires first-class amenities and demands a location close to all.

A sophisticated oasis in the center of San Diego's dining, shopping and entertainment district. Hotel Solamar is just blocks from the Gaslamp District, Petco Park and Convention Center and three miles from the famous San Diego Zoo.

Close to the Pacific, the hotel's stylish décor throughout brings the beach to you. Rich, vibrant colors and walls full of three-dimensional illuminated sea creatures greet you as you enter. In the morning, enjoy complimentary coffee in the lobby living room...at night settle into a comfortable chair next to a fire pit on the pool deck overlooking downtown San Diego for complimentary wine.
